

Birthday Lights

Created by Cape Cod artist, Michael Magyar, this light sculpture—*BIRTHDAY LIGHTS*—was featured prominently in each village during The Town of Barnstable’s 375th anniversary year in 2014. The Town’s 375 Committee invited all residents of Barnstable, Cape Cod, and beyond to participate in special 375 celebrations and programs hosted by organizations throughout Barnstable’s seven villages.

The Town hosted a design competition for the 375 commemorative logo; held a ceremony to re-dedicate the Town Seal and a Founder’s Day picnic; sponsored a visit to twin city Barnstaple,

England and a commemorative concert by the Cape Cod Symphony Orchestra with guest artists, all current and past Barnstable residents. The concert featured “Seven Faces of a Stone” specially commissioned and composed by Brett Abigania, and a fireworks display over Lewis Bay. Nancy Viall Shoemaker a local historian produced the “Barnstable@375” commemorative book.
